### Committee Deadlines 2005

**1st Deadline:** end of business on Tuesday, April 5th

**2nd Deadline:** end of business on Tuesday, April 12th

**3rd Deadline:** end of business on Friday April 22nd

#### Regents Election

The joint Session for election of Regents will take place at noon, Wednesday, February 16th.

#### Explanation

There is no yearly deadline for the introduction of bills. However, each year the Legislature establishes deadlines for committee action on bills, except for the actions of the Committee on Taxes, the various finance committees and the Committee on Rules and Administration in the Senate and the corresponding committees in the House.

Committee deadlines are announced during the

first half of a session in order to winnow the list of topics to be dealt with that year. The first deadline requires bills to have been approved by all policy committees in either the House or Senate in order to be considered further that session.

The second deadline sets a date after which bills will not be considered unless they have passed through all policy committees of both bodies.

The third deadline is the date by which the Senate Finance Committee and House Ways and Means Committee must have approved their omnibus appropriation bills.

Bills acted on by committees after the deadline are automatically referred, pursuant to Joint Rule 2.03, to the Rules and Administration Committee in the Senate and the Rules and Legislative Administration Committee in the House of Representatives for disposition.
