Dear Charitable Gambling Industry,

Please note that this is probably the most important Legislative Update/ALERT that ACM will send out this year (and maybe this decade).

The 2009 Lawful Gambling Study issued by the Gambling Control Board in January emphasized the need to make changes in our taxes, expenses, and to enhance our revenues by updating our games electronically. We are making great progress on dealing with our expense issues, but are being stymied on our electronic bingo initiative, which in turn doesn't allow us to move forward on our tax reduction and reform package because we don't have the corresponding tax offsets that enhancing our revenues with electronic bingo would give us.

Unfortunately Charitable Gambling organizations have run into a major roadblock in the Minnesota State Senate in our efforts to keep Charitable Gambling viable in Minnesota communities across the state. While the Senate State and Local Government Operations and Oversight Committee did hear **SF 1284 Gambling Control Board's 2009 Charitable Gambling Policy Bill**, and passed it to the Senate Judiciary Committee (hearing on 4/2/09), they have been unwilling to hear **SF 1875 ACM's 2009 Electronic Bingo Bill**.

All three House companion bills crafted to help us were heard in the various House policy committees and are very much in play in the appropriate House Tax or Finance Committees or on the House floor.

While we appreciate the efforts put forth by the Gambling Control Board in their policy bill, without all three elements of our package ... expense reform, enhanced revenues with electronic bingo, and tax reduction and reform, our industry will likely continue its downward slide.

Unfortunately, we believed all was going fairly well until the Fond du Lac Band of Lake Superior Chippewa came out in opposition to **ACM's 2009 Electronic Bingo Bill**. **It seems hard to believe that the concerns of one tribe are more important than the worthy programs and projects Minnesota's 1,300 licensed Charitable Gambling organizations support throughout the great state of Minnesota.**

Next week the Legislature is taking its annual Legislative Recess (April 8-13). We are asking that you and your Charitable Gambling organization & company members & employees contact YOUR Minnesota State Senator at home and ask them to please hear and pass **SF 1875 ACM's 2009 Electronic Bingo Bill**. We need to mount a massive grass roots lobbying effort at this time if we want to see SF 1875 passed into law this year. If your organization is in a leased site please ask your lessor & lessors employees to also contact their Minnesota State Senator. *I don't need to tell you that our electronic bingo legislation is crucial to the survival of our industry and the hospitality industry.*

If you are unable to reach your Minnesota State Senator at home during the Legislative Recess please contact their St. Paul Legislative office ASAP. If you are not sure who YOUR Senator is see the Know YOUR Local Legislators! info on the back. If you know who YOUR Senator is but need contact information go to the ACM web site (alliedcharitiesmn.org) and click on MN Legislator Contact Info, then Minnesota Senate Member Contact Info. Senator local contact info is at the bottom of each Member Page (click on your Senators Name).

Respectfully,

King Wilson

Executive Director

P.S. - If haven't had an opportunity to see a stationary electronic bingo device we have a video demo on our web site. Go to alliedcharitiesmn.org and click on Electronic Bingo Demo in the yellow box.
